Interview Summary

The undersigned thanks Examiner Kim for the courtesy of the personal interview conducted on March 23, 2011. In the interview, the undersigned discussed the substance of ¶¶ [0033] and [0038] of the specification, numbered as published, and contrasted these features with the cited portions of U.S. Pat. No. 6,101,515 ("Wical '515"). Although no agreement was reached regarding the allowability of the Application, Examiner Kim suggested that prosecution would be advanced if the claims were further amended to recite the distinctive features found in these portions of the specification. This Amendment reflects the substance of the discussions.

Conclusion
